## 2025-2026 Scholarship Program

The American Subcontractors Association of Western PA is committed to filling the void of workers entering the construction industry. Our Scholarship Program helps us to meet this goal by inviting future workers who are currently enrolled in high school, trade and Vo-tech schools, community college, apprenticeships, or entering the workforce after a career in the military.

Scholarship Funds can be used in the following ways:

Tuition Sent to Learning Institution  
(if it does not interfere w/ financial aid)

Books, Tools, Supplies

Students will be reimbursed for supplies by submitting their receipts.

Please Share our Link to potential candidates!
